> Heaven Begins With God THE CURE for the troubled heart, Jesus said, is faith in God. One of the strongest reasons for believing that the future life is real, is the nature and character of God himself. Jesus said as much once, in an argument with men who did not pelieve in immortality: "God is not God of the dead, but of the living." If we were God's paper dolls or toy soldiers, he might weary of us as a child wearies of its toys, and sweep us all into destruction without a moment's thought. But if we are truly his children, then when life's evening comes, he will call his tired child-
